

Journal of Familial Tumors

Vol. 19 No. 1 August 2019

CONTENTS

Special Article

- The change of the name of the society
—On the occasion of the 25th anniversary of our society establishment—
.....Naohiro Tomita ... 1

Case report

- Two cases report of RRSO and RRM for *BRCA1* gene mutation in the same family tree
.....Tomohiko Tsuruta, Kenshke Hori, Chiyomi Egawa, Lena Tashima, Mayako Goto,
Rieko Okubo, Mina Kashima, Chiho Okada, Michiko Yoshimura, Kimihiko Ito ... 4

Special Articles

Lecture

- Preface for special articlesNagahide Matsubara ... 9
- Linkage between researchers and clinicians: Familial adenomatous polyposis,
Peutz-Jeghers syndrome, Cowden syndrome, Juvenile polyposis syndrome
.....Hideki Ishikawa 10
- Construction of Integrated Database of Clinical and Genetic Information
for Lynch syndrome in Japan
.....Kiwamu Akagi,
Study for Establishment of Effective Screening and Diagnosis for Lynch syndrome: Dial Study ... 13
- Study Group for Establishment of Diagnosis of Hereditary Gastrointestinal
Tract Cancer Syndromes Based on a Next-Generation Sequencing Technology
.....Hidetaka Eguchi, Yasushi Okazaki, Hideyuki Ishida for SGHGCS ... 15
- The study to implement cancer genomic medical system for pediatric cancer predispositions
Pediatric Hereditary Tumor Study Group (PAHTY) /
Panel of Li-Fraumeni Syndrome, The Japanese Society for Familial Tumor
.....Tadashi Kumamoto ... 19
- BHD-NET Japan (<http://www.bhd-net.jp/>)Mitsuko Furuya ... 24
- Childhood cancer and familial tumorsShinsuke Hirabayashi, Atsushi Manabe ... 28
- Japanese Organization of Hereditary Breast and Ovarian Cancer
.....Seigo Nakamura, Masami Arai, Akihiro Sakurai, Reiko Yoshida ... 32
- Linkage between researchers and clinicians: von Hippel-Lindau (VHL) disease
.....Masahiro Yao ... 36
- MEN consortium in Japan.
.....Shinya Uchino, Akihiro Sakurai, Shinichi Suzuki, Tsuneo Imai,
Shinji Kosugi, Takahiro Okamoto 40
- NBDC Human Database and TogoVar (NBDC's integrated database of Japanese genomic variation)
.....Mari T. Minowa ... 45
